

# ASSEMBLY INSTRUCTIONS

1 Remove the black plastic cap from the tip of the cylinder ③.

2 Insert the tapered end of the cylinder ③ into the base ④.

3 Press firmly on the plastic tube ② until it clicks into the seat ①.

4 Slide the seat ① + ② onto the cylinder ③. Once aligned, press firmly on the seat to engage the seat into the cylinder.

To raise/lower the seat, press any of the 2 buttons under the seat while sitting or pushing on the seat.

A wobble stool is designed to let you move freely. The stool can rock, tilt, and swivel 360°.

## IMPORTANT!

Only sit on a wobble stool if both of your feet are planted firmly on the ground, and supporting your entire body weight.

**WARNING!**-DO NOT LEAN BACK. To reduce the risk of falling, do not tip a wobble stool past vertical.

**WARNING!**-Do not use with only 1 foot or no feet on the ground.
